## SUMMARY

Junior MERN Stack Developer with hands-on experience building full-stack web applications, interactive dashboards, and data-driven systems using React, Node.js, Express, and MongoDB. Skilled in creating responsive user interfaces, REST APIs, and real-time functional workflows. Currently strengthening advanced frontend and backend development practices and seeking an opportunity to contribute to real-world projects while continuing to grow as a full-stack developer.

---

## WORK EXPERIENCE

### MERN Developer (Project-Based) — Elite Tech Solutions

Aug 2025 - Oct 2025

- Developed multiple pixel-perfect frontend pages by cloning FIFA website layouts, ensuring responsive design and modern UI standards.
- Implemented nested routing, dynamic parameters, and navigation using React Router to handle complex page flows.
- Collaborated with developers using Git & GitHub, performing commits, branches, and merges in a team environment.
- Strengthened understanding of reusable components, state management, and scalable folder structures.

### Full-Stack Developer (Team Project) — Hackathon Participation

Oct 2025 - Nov 2025

- Worked with a cross-functional team to build an AI-based tool capable of converting video scripts into English and Urdu text and voice outputs.
  - Built a Next.js frontend to interface with the Python-based AI agent via APIs.
  - Implemented Firebase Authentication (email & password, secure login flows, user sessions).
  - Integrated API routes and handled data flow between frontend and backend efficiently.
  - Learned team collaboration, idea pitching, presentation, and working under time limits.
- 

## EDUCATION

Bachelor of Science in Information Technology - Shaheed Benazir  
Bhutto University SBA

Expected Graduation -  
2026

- Gaining practical experience in software engineering, networks, and modern web development.
- 

## SKILLS

- Frontend:** JavaScript (ES6+), React.js, React Router, Component-Based Architecture, Responsive UI/UX, CSS3 (Flexbox, Grid), DOM Manipulation
- Backend:** Node.js, Express.js, REST API Development
- Database:** MongoDB, Mongoose
- Tools:** Git, GitHub, Vercel, Netlify
